NOTED CAMPAIGNERS TO SPEAK IN BOURBON.

There hasn't been much enthusiasm stirred up in the coming campaign for State offices among the Democratic voters of the county as yet, but the visit of two noted campaigners here soon is expected to bring some life and pep into the boys in the trenches.

On Monday, October 6, (court day) Hon. J. Campbell Cantrill, Congressman from the Seventh Congressional District, is booked for a speech at the court house, at two o'clock in the afternoon. Mr. Cantrill, as almost everyone in the Blue Grass region knows, is one of the most entertaining and forceful speakers in the country, and what he will have to say Monday will be something worth listening to.

On Wednesday night, October 8, Hon. Frank Daugherty, the Democratic nominee for Attorney-General, will address the voters at the court house, at 7:30 o'clock. Mr. Daugherty's fame as a political orator is not confined to any one locality, and those who go to hear him will hear good, old-time Democratic doctrine expounded with all the forcefulness that an eloquent campaigner can give them.

POLICE SPOIL PLANS OF YOUTHFUL ELOPERS.

Patrolman Robt. Lusk received a message Monday evening from Frank Conner, of Lexington, stating that Vera Conner, his daughter, who is only fourteen years old, had eloped to Paris with B. F. Underwood, who is eighteen with the intention of getting married, and asked him to intercept them.

Going to the office of County Clerk Pearce Paton, Patrolman Lusk found the young couple. Clerk Paton told the officer that the couple had each presented what purported to be a written consent of their parents to the marriage. He had filled out the license and was preparing to hand it over to them when Patrolman Lusk took the young people in charge and notified Miss Conner's father, who came to Paris shortly after six o'clock and took his daughter back to Lexington to resume her studies in school.

Young Underwood, the would-be groom, is the son of Mr. and Mrs. T. J. Underwood, of Lexington. He was accompanied by his seventeen-year-old sister, who declared that she chaperoned the couple to Paris because she had eloped two years ago and had been married in Paris.

HERE'S RIPT IN PROHIBITION CLOUD.

Acting it is said, on one of Broadway's famous "rumors" that within a week President Wilson would cast war-time prohibition into the discard by proclaiming demobilization complete, New York liquor dealers began "stocking up" for a brief "wet" period until next January. With huge quantities of bonded whiskey arriving from Kentucky, restaurants and saloons began enrolling bartenders and waiters previously "laid off."

FATHER SECURES ALLEGED KIDNAPPED CHILD

Through Chief of Police Link, of the Paris police force, the nine-year-old child of F. H. Cook, traveling salesman of Lexington, was restored to him at the Tenth street passenger station of the Louisville & Nashville, in this city. Cook stated that the child had been kidnapped by his divorced wife, from his home in Lexington.

Cook told Chief Link that he had been married twice. His first wife died several years ago. Of this union there was born a daughter, now in her ninth year. Some time ago Cook married again, his second wife being a resident of Lackawanna, Pennsylvania. Domestic troubles arising from their married life they separated, the wife returning to her Pennsylvania home. Court proceedings brought a divorce decree.

The second Mrs. Cook returned to Lexington a few days ago, and, according to Cook, visited his home, in his absence and secured the little girl. An investigation developed the fact that she had purchased tickets via the Louisville & Nashville from Lexington to her home in Pennsylvania. Cook informed Chief Link by a long distance phone message of the alleged abduction.

Link located the woman and child at the Tenth street passenger station. Cook arrived in Paris shortly before the arrival of the train, and a compromise was effected by which the child was restored to her father, the woman agreeing not to molest her again and not to return to Lexington. Cook returned to Lexington taking the child with him, while the stepmother proceeded alone to her home in Pennsylvania.

FORMER PARIS BOY GIVEN RESPONSIBLE REVENUE POSITION.

Mr. Charles B. McCarthy, formerly of Paris, who has been acting cashier in the Lexington office of the Seventh Internal Revenue district since the consolidation on August 1, has been appointed to the Collectorship of the Ashland zone. Mr. McCarthy assumed the duties of his office Wednesday.

Mr. McCarthy began work in the Lexington office last spring as a bookkeeper. When all the revenue offices in Kentucky were consolidated in Louisville under the consolidation plan going into effect on August 1, he became acting cashier in the Lexington office in place of Cashier M. R. Fox, who was sent to the Louisville office. Mr. McCarthy will be known as Division Chief of the Ashland Revenue Division. Besides securing this nice gift Mr. McCarthy came into another choice possession Tuesday morning when he was united in marriage to Miss Marie Kane, of Lexington.

The fifty-one acre farm belonging to the Henry Patterson estate, located on the Cynthiana and Millersburg pike, and advertised in several issues of THE NEWS, was sold at public auction Wednesday by Auctioneer Renaker, of Cynthiana. Mr. Frank Caldwell was the purchaser at \$495 an acre. Mr. Patterson bought the farm in 1894 for \$60 an acre. The place is well improved.

Read the public sale advertisements in this issue of THE NEWS. Several very desirable pieces of real estate, town property, farms, etc., are to be disposed of at public auction to the highest bidder. These places are all well located and will make fine money values. Look over the advertisements then decide which place you want, and attend the sale. CINCINNATI REDS WIN FIRST GAME IN WORLD'S SERIES.

The Cincinnati Reds, Wednesday afternoon defeated the Chicago White Sox in the first game of the World's Series at Cincinnati by the score 9 to 1. Cicotte, Chicago's crack pitcher, was knocked out of the box in the fourth inning when the Reds scored 5 runs. Wilkinson finished the game. Ruether pitched for Cincinnati. Chicago made 1 run, 6 hits and 1 error. Cincinnati made 9 runs, 14 hits and 1 error. The biggest crowd in the history of Cincinnati baseball witnessed the game.

Another record-breaking crowd gathered at League Park yesterday afternoon, and saw the Reds carry off the second game of the world's series by a score of 4 to 2. The Cincinnati team came up with a total of four hits, while the White Sox with a total of ten hits off Sallee's delivery, were still unable to bring home a victory. The White Sox were credited with one error, and the Reds with two. The opposing batteries for the second game were Sallee and Raridan, for Cincinnati, Williams and Schalk for the White Sox. Cincinnati rooters went wild with enthusiasm when the final play was made, and early reports stated that the Redland field was the scene of one of the most remarkable demonstrations in the history of baseball, as old and young, men and women, cheered themselves hoarse for Pat Moran's warriors and the doughty Pat himself.

GAS COMPANY ORDERED TO LOWER STREET MAINS.

Pleasant street is being plowed up to a depth of several inches, preparatory to the work of putting in a concrete street. During the progress of the work it was found that the street mains of the Paris Gas & Electric Co. were so close to the surface that in two instances they were uncovered and broken.

Upon learning of this the Street Improvement Committee of the Paris City Council instructed Mr. C. L. Steenbergen, Superintendent of the company, to lower the street mains to a greater depth than at present, which work is now under way.

KISER CASE CONTINUED

In the Fayette Circuit Court, Wednesday, the case of W. G. Kiser, son of Wat Kiser, of this county, charged with the murder of Dillard Tabor, at Russell Cave, last winter, was passed until the next term of Court. The motion to continue the case was made by the Commonwealth's Attorney, who stated that as no new evidence had been discovered, it was not likely he could get a conviction at present.

MY HEAD!

When the head feels thick or aches, when one feels all out-of-sorts—perhaps a coated tongue—it is the signal that poisons are accumulating in the system, and should be cleaned out at once.

Auto-intoxication can be best ascribed to our own neglect or carelessness. When the organs fail in the discharge of their duties, the putrefactive germs set in and generate toxins—actual poisons, which fill one's own body.

Sleepiness after meals, flushing of the face, extreme lassitude, biliousness, dizziness, sick headache, acidity of the stomach, heartburn, offensive breath, anemia, loss of weight and muscular power, decrease of vitality or lowering of resistance to infectious diseases, disturbance of the eye, dyspepsia, indigestion, gastritis, many forms of catarrh, asthma, ear affections and allied ailments result from auto-intoxication or self-poisoning.

Take castor oil, or procure at the drug store, a pleasant vegetable laxative, called Dr. Pierce's Pleasant Pellets, composed of May-apple, aloes and jalap.

FIRE AND ACCIDENT PREVENTION DAY, THURSDAY, OCTOBER 9, 1919.

The Honorable James D. Black, Governor of Kentucky, in a proclamation, has designated the ninth day of October, 1919, as Fire and Accident Prevention Day throughout the Commonwealth of Kentucky. In order to co-operate in this good work to the fullest extent, we request and urge that the mayors and officials of our cities, town and villages throughout the State also issue a proclamation for a general clean-up and fire prevention day on Thursday, October 9th.

We appeal to all civic bodies, such as Boards of Trade, Chambers of Commerce, Committees on Fire Prevention, Women's Clubs, Housewives, Boy and Girl Scout Organizations, Superintendents, principals and teachers of public, private and parochial schools, fire chiefs and members of their departments to each put forth his best effort on that day for the prevention of fires and diseases in the Commonwealth of Kentucky.

We ask the Mayor or Chairman of the Board of Council of each city and town throughout the Commonwealth of Kentucky that they request the ministers of the gospel of all denominations in their towns to call the attention of their congregations, from their pulpits, to the importance of this "Clean Up" day, at their meetings Sunday preceding the Fire and Accident Prevention Day, and to urge their co-operation with the city and State authorities in this work. Let us all unite in this effort to make Kentucky fire, accident and disease proof.

ATTORNEY - GENERAL DEFINES THE PROHIBITION STATUS.

WASHINGTON, October 2.—Although the war department declared in a statement Monday that "the accidents of war and the progress of demobilization are at an end," war-time prohibition cannot be lifted until after the ratification of the peace treaty, in the opinion of Attorney General Palmer.

The prohibition law provides that it shall remain in force until after the termination of the war and the demobilization of the army. Mr. Palmer has held that the state of war does not end until the peace treaty has been ratified. President Wilson took a similar position in asking Congress early in the year to repeal the wartime prohibition law insofar as it affected light wines and beer.

The War departments statement as to the end of demobilization was made in connection with an amendment that officers of the regular army were about to be returned to their normal peace-time rank and

that the 10,000 emergency officers still in the service must be discharged in order to reduce the commissioned personnel to the 18,000 authorized by a recent act of Congress.

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs. This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haarem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarem Oil is enclosed in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a small

swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarem Oil Capsules will keep you in health and vigor and prevent a return of the disease.

ALL CLASSES PRAISE SALVATIONISTS WORK.

"I am very much interested to hear of the campaign the Salvation Army has undertaken for money to sustain its war activities, and want to take the opportunity to express my admiration for the work that it has done and my sincere hope that it may be fully sustained."

The above from Woodrow Wilson, President of the United States, is typical of the attitude of the leaders of the world toward the Salvation Army. Regardless of creed, politics, or race, the great citizens of this country have unhesitatingly endorsed the present campaign of the Salvation Army.

"I am the more happy to command this organization because it is free from sectarian bias. The man in need of help is the object of his effort with never a question of his creed or color," writes James Cardinal Gibbons.

Col. House, General Pershing, men and women from all departments of public life, commerce and society have joined in an unanimous approval of the Salvation Army and its activities. Wherever there is work to be done the Salvationists does it in a way to merit approval.

J. H. MacNeill. The pall-bearers were Marion Hall, Basil Hutsell, Frank Hall and Winston Hart, of Paris, and Charles Hagan and J. M. Walker, of Winchester.

Mr. Lowe was a son of the late Mr. and Mrs. Ruff Lowe, of this county. He attended the private school of the late Prof. W. L. Yerkes, in Paris. After the death of his parents he went to Alaska, where he spent some time. Of late years he resided in Cincinnati and Dayton, and was in the latter place when he was taken ill.

Mr. Lowe is survived by his wife, who was Miss Avie Brown, of North Middletown, and one daughter, Mildred Rogers Lowe, aged four years; one sister, Mrs. Robert Clark, of Detroit, Mich., and one brother, Mr. Collis Lowe, of Cincinnati. —Mr. John Kiely, aged fifty, a former resident of Paris, died Wednesday at his home in Covington, after a few hours' illness, following a stroke of paralysis, which he sustained several days ago. Mr. Kiely had been in Paris on a visit to his mother and family, and had returned to his Covington home Sunday.

Mr. Kiely was the eldest son of Mrs. Ellen C. Kiely, of this city. His father, Mr. John Kiely, who was one of the pioneer shoe merchants of Paris, died in this city several years ago. After leaving Paris young Kiely made him home in Cincinnati, where he was for many years connected with the A. J. Conroy Co., the Prudential Life Insurance Co., and other business concerns. He afterward traveled for a magazine publishing house in Chicago, which place he made his headquarters. In the past few years he had been residing in Covington. SAUER.

—Complaining of not feeling well, and retiring to her room at the home of her daughter, Mrs. James Doty, on Pleasant street, about eleven o'clock Wednesday night, Mrs. Charles Sauer, aged eighty, fell over on her bed and expired in a short time. Death was supposedly due to an attack of heart trouble.

Mrs. Sauer had been sitting on front porch at the Doty home conversing with members of the family, and was apparently in the best of health. She arose from her seat to go up stairs, and on her way, thinking she heard water running from a faucet somewhere on the lower floor, started to investigate. Returning from this she remarked that she would retire, and went to her room. In a short while members of the family heard her fall, and running to the room, found the aged woman lying across the bed. A physician was summoned, but life was extinct before he arrived.

Mrs. Sauer came to this country when a young woman, and had resided in Paris many years. Her husband, Mr. Charles Sauer, Sr., who was a well-known gardener of this city for many years, residing on Second street, died several years ago. She was a woman of gentle, unassuming manner, one whose greatest delight was in making happy those around her. Her was a life devoted to her family and her friends, and she made glad by the happy spirit that dwelt in her.

Mrs. Sauer is survived by the following children: Mrs. James Doty, John Sauer, Will Sauer, Chas. Sauer, Mrs. Ida Batterton, all of Paris; Mrs. Thos. Rice, Maysville; Mrs. Aaron Ashbrook, Elgin, Illinois. The funeral services will be conducted at the home of James Doty, Saturday afternoon at 4 o'clock, conducted by Rev. C. H. Greer, pastor of the Methodist church.

PREPARING TO FIGHT TOBACCO, COFFEE AND TEA.

(Cincinnati Times-Star)

Movements to prohibit manufacture and sale of tobacco, coffee and tea were predicted by James Arthur Seavey, New York, managing director of the National Association Opposed to Prohibition. Seavey, who was at the Sinton, Monday, came to Cincinnati to confer with men interested in forming a branch of the national association in Ohio and attended a meeting of tobacco men at the Globe Tobacco warehouse, when steps to organize a league to promote the tobacco industry and to combat any propaganda to prohibit were taken. Seavey addressed the meeting and declared that the Women's Christian Temperance union, assisted by the Anti-Saloon League and the Anti-Tea and Coffee league, was already preparing to launch a campaign against tobacco as soon as prohibition of liquor is an established fact. He stated that his association had employed eminent counsel to contest the Federal prohibition amendment before the Supreme Court of the United States and he expects it will be adjudged illegal.

"WHEN DO WE RETURN TO THE OLD TIME?"

In some unaccountable way the impression got out in Paris that the time for setting back the clocks and watches of the country would be on October 1. Wags had a good time with the unsophisticated persuading them to have their watches and clocks set back an hour, thereby causing some inconvenience and trouble, but fun for the boys. THE NEWS office was besieged with inquiries as to when the time would change, and, in fact, one of the attaches was under the impression that it would take effect October 1. Later investigation developed the fact that Uncle Sam had decided to put the change into effect when it suited him. He set the change to take effect at midnight on Sunday, October 26. All clocks and watches will or should be one hour slower on the following morning. Remember the date, and make the change before you retire Sunday night.

MAN BEHIND THE FUN WITH COBURN'S MINSTRELS

That master producer comedian and funmaker, Charles E. Gano, for many years associated with J. A. Coburn's Minstrels is coming again with the big show on Monday, October 6, at the Grand Opera House, with an all new production of the latest and best in minstrelsy. The new scenic opening Farewell America, representing the Allied Naval Clubs good-bye to our boys coming home is one of the most interesting and beautiful stage pictures ever presented by this company and embraces a number of novelty features in up to the minute amusement. Mr. Gano is one of the most unassuming and unaffected of all the minstrel stars, but his reputation and ability is second to none and the announcement of his appearance with this well-known company is a guarantee of an excellent performance under his direction. Manager Coburn has surrounded him with an entire new personnel and is said to surpass all former efforts in every detail. With Coburn and Gano as the men behind the fun, all lovers of good old-time minstrelsy, fine music, splendid singing and clean comedy require no further guarantee of a good show and their moneys worth. It's the men and the show you know.

"FLO FLO" COMING TO GRAND OCTOBER 10.

"Flo-Flo," John Cort's musical comedy sensation, which will be the attraction at the Grand Opera House on Friday, October 10, is the setting of the only "perfect 36" comedy chorus in captivity, which has been gowned by Mr. Cort with such lavish expenditure that the fashion parades of which there are three—of the play alone, would be sufficient for a revue.

Mr. Cort has equipped this attraction with a splendid cast for the parts of "Flo-Flo," the irresistible corset model; Angelina Stokes, the American girl forced by a grasping mother into a loveless marriage; Billy Cope, the hero, from Oshkosh; and two comedy teams, Mosher and Simpson, owners of the Bride Shop, and Pinky and Aloysius, two young men of agile feet, whose fingers prove to be as nimble as their pedal extremities.

STEEL STRIKE SITUATION REMAINS UNCHANGED.

PITTSBURG, Oct. 2.—The steel strike situation in the Pittsburgh district remained virtually unchanged. Labor leaders advanced the claim that the union's offensive to extend the strike, launched Monday, had met with success, while representatives of the employers denied this emphatically, and said that their efforts to operate additional plants Monday had been marked by the return of many men to their places in the mills.

The offensive by the employers will be continued and for the remainder of the week, according to their representatives, and the opinion is freely expressed that before next Sunday plants which were forced to shut down because of the strike will be operating on full time.

Strike leaders, countering this offensive, say they will keep a large force of union organizers in the field every day, and will exert every effort to make the walkout more effective by bringing additional workers into the union.

"CARRY ON"!

If Constipated, Bilious or Headachy, take "Cascarets"

Feel grand! Be efficient! Don't stay sick, bilious, headachy, constipated. Remove the liver and bowel poison which is keeping your breath bad and your stomach sour. Why not get a small box of Cascarets and enjoy the nicest, gentlest laxative-cathartic you ever experienced? Cascarets never gripe, sicken or inconvenience one like Salts, Oil, Calomel or harsh pills. Cascarets bring sunshine to cloudy minds and half-sick bodies. They work while you sleep. (adv)

Our observation is that when they get plump they don't stop till they get stout.

OMAHA AFFAIR WORST IN HISTORY OF STATE.

OMAHA, NEB., Oct. 2.—With 800 troops from Forts Omaha and Crook, Neb., and Camp Dodge, Iowa, on riot duty, Omaha officials are confident that there would be no further outbreak of the race rioting which Sunday resulted in the death of two persons, injuries to several others, an attempt to lynch Mayor E. P. Smith and partial destruction by fire of the county court house.

The troops have machine guns ready to put into use if necessary. The mob organized early Sunday with the intention of demanding William Brown, a negro, who was in the county jail on a charge of attacking a white girl on the outskirts of the city.

Mayor Smith was at the court house and went down to the crowd to appeal to law and order and someone shout "He's upholding the negro, lynch him," and a handy rope was thrown about his neck. He was dragged two blocks by the crazed mob before he was rescued by the police.

In an unconscious condition he was removed to a hospital, where he regained consciousness late Monday. The Mayor was unable to give a coherent story of the mob's attack upon him. He had been on the roof of the courthouse and had come down to ask the mob to obey the law when he was seized. The fire that was started in the courthouse left that structure a mass of ruins. The property was valued at \$1,500,000.

The damage to records could not be estimated Monday, but it is believed a number have been destroyed beyond reclamation. Statistics vital to county affairs are believed to have been destroyed.

The mob gained entrance to the burning building pushed past Sheriff Clark and his Deputies and forced their way into the cell corridor. Here it was that the negro was turned over to them.

Throwing a rope around his neck these men, numbering about 50, dragged him to the ground floor, down stifling stairways and through blinding smoke to the street. When they appeared at the Harney Street entrance to the courthouse they were greeted by a howling mob of thousands.

Brown practically was dead before his form was strung to the light pole. Two bullets were fired into his body as he was dragged through the crowd. He never was heard to utter a word, and he did not have an opportunity to speak before being hanged before the gaze of thousands.

Brown's body was mutilated beyond recognition. Riddled by a thousand bullets, it was placed first over a fire of tarred fagots. It was not permitted to remain there long, however, and soon was being dragged through the streets at the end of a rope pulled by 50 members of the mob. This spectacle did not end until late in the morning hours, when what remained of the torso was hung to a trolley pole at one of the most important down-town intersections. The arrival of Federal troops caused a dispersal of the mob.

Mankind Suspicious.

The flesh of the shark is said to resemble that of the sturgeon—the fish that "goes to the Caesar's dish," but its cannibalistic reputation, firmly fixed in the popular mind, is against it. Man's dread of the gastronomically untried is only equalled by his curiosity, which after all gets the better of his fears. Truly he was a brave man who first swallowed a raw oyster.

AN AGREEABLE SURPRISE.

"About three years ago when I was suffering from a severe cold on my lungs and coughed most of the time night and day, I tried a bottle of Chamberlain's Cough Remedy and was surprised at the promptness with which it gave me relief," writes Mrs. James Brown, Clark Mills, N. Y. Many another has been surprised and pleased with the prompt relief afforded by this remedy. (oct-adv)

Antiquity of the Jews.

Armenian and Georgian historians of southern Russia record that the Jew had settled among them in remote antiquity. They have evidence to prove that the children of Israel had lived round the Black and Caspian seas prior to the destruction of the first temple—587 B. TWO STATEMENTS FROM STEEL STRIKE MUDDLE.

BETHLEHEM, PA., Sept. 30.—The second day of the strike at the Bethlehem Steel Company's plant brought conflicting statements from the two sides to the controversy, union representatives claiming that 80 per cent. of the men were out, and officials of the company declaring that the situation was satisfactory, and that all their plants were operating virtually at full capacity.

Union leaders, after a meeting in Allentown late Monday night, said their reports showed that three rolling mills, the mechanical repair department and brass foundry were completely shut down and that with a few exceptions all other departments were seriously crippled. These leaders declared that many of the workers who reported for duty Monday did so merely to get their tools and that they would join the strikers' ranks.

MILITARY FORCES IN CONTROL AT OMAHA.

OMAHA, NEB., Oct. 2.—Additional military forces, eleven officers and 250 men from Camp Funston, Kansas, and twenty officers and 550 men from Camp Grant, Illinois, joined the Federal troops already on duty as a result of the race rioting of Sunday.

Major General Leonard Wood, commander of the Central department of the army also arrived to take charge of the military operations.

The city was quiet during the night and there was no signs of trouble, a heavy rain serving to keep people off the streets.

This fact was considered a great aid to the authorities, who had taken precaution to guard against a fresh outbreak of Sunday's rioting, which resulted in the lynching of a negro, the death of one white man, injury to many others, heavy damage by fire to the county court house and an attempt on the part of a mob to lynch Mayor Edward P. Smith.

Reports received from the hospital where Mayor Smith is confined as a result of the injuries inflicted by the mob were that his condition was improving.

PROFITTEERING IN KENTUCKY.

The investigation by the commission appointed by Governor Black, of the high cost of living in Kentucky has had at least one concrete result and that is proof that S. Thruston Ballard, Republican candidate for Lieutenant Governor and millionaire miller, of Louisville, has been charging the people of his home city and State \$1.10 a barrel more for flour than the people of far away Louisiana. It has been reported that, in addition to this discount given the people of New Orleans of \$1.10 below the price he is willing to sell flour to the people of Louisville, the Ballard Mills also pay the freight on the flour to New Orleans, which, as everybody knows, is quite some distance from Louisville, involving a freight rate of hardly less than 50 cents a barrel, though this paper has not had the time to look up that rate.

If this is not profiteering with a vengeance, and with the people of Kentucky as its victim, we should like to know what it is, and how much sincerity can be credited to the Republican party platform plank on that question.

Be Different.

Try to find a better reason for your acts than "everybody does it." There are follies in dress, absurdities in customs, that are defended on this ground always. The girl who thinks it is proper to dress immodestly because her next-door neighbor does, has a curious code of propriety. Custom does not make a thing right or sensible.—Grit.

ATTENTION! Sick Women

To do your duty during these trying times your health should be your first consideration. These two women tell how they found health.

Hellam, Pa.—"I took Lydia E. Pinkham's Vegetable Compound for female troubles and a displacement. I felt all run down and was very weak. I had been treated by a physician without results, so decided to give Lydia E. Pinkham's Vegetable Compound a trial, and felt better right away. I am keeping house since last April and doing all my housework, where before I was unable to do any work. Lydia E. Pinkham's Vegetable Compound is certainly the best medicine a woman can take when in this condition. I give you permission to publish this letter."—Mrs. E. R. CRUMLING, R. No. 1, Hellam, Pa.

Lowell, Mich.—"I suffered from cramps and dragging down pains, was irregular and had female weakness and displacement. I began to take Lydia E. Pinkham's Vegetable Compound which gave me relief at once and restored my health. I should like to recommend Lydia E. Pinkham's remedies to all suffering women who are troubled in a similar way."—Mrs. ELISE HEIM, R. No. 6, Box 83, Lowell, Mich.

Needles Long in Use.

Steel needles were found among the Kafirs in Africa, and elsewhere, so that they may have had early aboriginal invention in more than one country. The earliest European eyed needles were of bone and ivory, sometimes of bronze. In 1370 steel needles were certainly being made in Nuremberg, possibly in England also, though until 1583 the raw material came from Spain.

CONSTIPATION.

The beginning of almost every serious disorder is constipation. If you want to enjoy good health keep your bowels regular. This is best accomplished by proper diet and exercise, but sometimes a medicine is needed and when that is the case you will find Chamberlain's Tablets are excellent. They are mild and gentle in their action, easy and pleasant to take. Give them a trial. They only cost a quarter.

containing 170 acres of splendid land, is located 3½ miles southeast of Paris, on the Clintonville pike, and has thereon a three-room frame cottage; a practically new combined stock and tobacco barn with a capacity of 10 acres of tobacco. This barn is one of the best structures in the Blue Grass region, the basement being sufficiently large to feed 200 head of cattle, the barn being erected especially for that purpose, and stands on a native stone foundation. Attached thereto is a concrete silo with a capacity of 280 tons. There is in this barn a never-failing well that will water 200 head of stock in the dryest weather. Another nearly new tobacco barn on this farm has a capacity of 12 acres of tobacco.

This is one of the most desirable small farms in the county, has a never-failing supply of water for man and beast from pools and cisterns, and is under good fence. The locality is an ideal one, being surrounded by excellent neighbors, close to Paris and on a good macadam road. Gertra Station, on the L. & N., is located in the rear of the place.

This is certainly a fine body of land and now has under cultivation 30 acres of corn, 12 acres of sorghum, 20 acres in rye, 40 acres of clover and the remainder in old bluegrass sod, every acre of which is fine tobacco land.

This farm must be seen to be appreciated, and prospective buyers should not overlook this opportunity to secure this very desirable close-in suburban home, near the best town in the South.

TERMS—Usual terms will be allowed on land and residence, details of which will be announced at each sale. For further particulars apply to

Residence On Duncan Avenue,
Paris, Ky.

The Stately Residence

is located on Duncan Avenue, in Paris, and is one of the best built two-story brick houses in this city. The house was erected by the late Mr. Jerry Duncan as a home for his daughter, Mrs. J. K. Ford, and everything entering into the construction of this structure was built only of the best and most dependable materials.

Only recently this house has been newly papered, painted and put in excellent condition. There are 10 large rooms, two halls, well appointed bath room tiled. All floors in the house laid with quartered oak. New and up-to-date brass electric fixtures with the inverted light effect throughout. Has good dry cellar with concrete floor, hot air furnace and the reliable Pittsburg instantaneous heater in the cellar always assures an unlimited supply of hot water throughout the house at all hours. Every room is equipped with gas grates.

The lot has a frontage of 100 feet on Duncan Avenue, the very best residence street in Paris, and has a depth of 237 feet. There is a garage and stable on the premises, besides the large garden and spacious front, side and back yards.

This is certainly an up-to-the-minute modern home, located as it is in the very best neighborhood in Paris, and prospective purchasers should call and inspect this excellent property before the day of sale.

MILLERSBURG

—Mrs. Anna Darnell continues about the same.

—Mr. William Parker continues about the same.

—Don't fail to see our line of nice shoes. Prices right at Caldwell's.

—Mr. and Mrs. S. E. Bruce, of Millersburg, announce the marriage of their daughter, Miss Mary Louise, to Mr. James Patterson, of Paris.

—Mr. G. W. Bramlette sold his farm, Monday, on the Ruddles Mills pike, south of Millersburg, consisting of 64 acres, for \$17,130, to Mr. Barnes, of Lair.

—The football teams of the M. M. I. and the Lexington High School will meet on the gridiron field at the M. M. I. to-morrow (Saturday) afternoon. Both teams are in fine fighting trim, and an interesting game is expected.

—The sale of the farm and personal property of the late Henry Patterson was held on the premises Wednesday. The farm consisting of 50 acres, was sold to Mr. F. C. Caldwell, at \$495 an acre.

—Master Billie Brown, son of Mr. and Mrs. W. M. Brown, came near meeting with a serious accident Sunday afternoon. While in the cemetery, he tilted a large urn, which struck one of his feet in falling, bruising it. He is doing nicely at this writing.

—The protracted meeting, which opened at the Presbyterian church, Tuesday evening, and is conducted by Dr. Thacker, is drawing large audiences. Song services are conducted by Mr. and Mrs. Armstrong, and are indeed pleasing. Dr. Thacker is preaching good sermons, and is carrying his audiences with rapt attention wherever he leads.

—The women of the Methodist church gave a reception in the church building in honor of the new pastor, Rev. P. F. Adams, the young women of the Millersburg College and the cadets of the Millersburg Military Institute. The church was beautifully decorated with potted plants, goldenrod and the class colors of the two colleges. A musical program was rendered and frappe was served to about two hundred guests.

—Mrs. Ada Miller and daughter, Miss Katherine Miller, left Tuesday for Birmingham, Ala., where they will make their future home, with Mrs. Miller's daughter, Mrs. A. J. Lamb. It is with many regrets that we give up these good ladies. Mrs. Miller, for many years was in charge of the Art Studio of the M. F. C. She and her daughter were both prominent factors in the Presbyterian church. She was the widow of the late R. A. Miller, and her entire married life was spent in and around Millersburg.

—Quite a number of changes have taken place in the way of homes in the past few days. Mr. G. L. Hill and family moved from rooms in the home of Mrs. Mattie Hawes, to rooms in the home of Mrs. W. M. Miller, vacated by Rev. J. D. Redd and family; Mr. and Mrs. M. M. Jones, from the property of Mrs. Anna Jefferson, recently purchased by her from J. T. Judy, to a part of the home of Mr. and Mrs. T. E. Bowles; Miss Marguerite B. Clark has given up her home, recently sold to Mrs. Bessie Caldwell, and has stored her furniture, Mrs. Caldwell having moved to the same, from her home in the Butler Addition.

PAY DAY FOR TEACHERS

Provided they have their complete reports in his office by Wednesday, October 8, teachers of the county schools will be paid on Saturday, October 11, according to announcement made by County Superintendent of Schools J. B. Caywood.

Superintendent Caywood calls the attention of the people of the Center-Hill and Millersburg school districts to the fact that a special election will be held to-morrow, Saturday, October 4, in their districts, for the purpose of taking the sense of the voters on the matter of imposing a special school tax of twenty-five cents on the \$100 worth of taxable property listed for State and county purposes.

State Supervisor of Rural Schools George Evans Barnes, of Frankfort, was in the county Wednesday and paid an official visit of inspection to the schools at Little Rock.
